Self Introduce

Thank you for considering my profile! My name is Cui Fawei, you can call me Fawei. I'm a fullstack software developer with over **15 years of hands-on experience**.
I am deeply passionate about creating efficient, innovative software solutions and thrive in collaborative environments. Throughout my career, I've honed my skills across different coding skills applicable, such as .net windows applications web applications, backend services as well as CI/CD skills, As a result of the hardworking and delivering realiable extensible solutions, I gained Application Manager role in my team.

I am currently based in the coastal city of **Dalian**, I am happily **married** and have a wonderful **daughter** who inspires me every day. With the full **support of my family**, I am now actively **seeking new career opportunities across China**, of course it will be lucky if the final location will be near to my hometown. I am open to relocation for the right role where I can contribute meaningfully and continue growing professionally.

Outside of work. I love exploring nature, spending quality time with my family, and staying curious about new technologies and cultures. I bring this same energy and dedication to everything I do.
I am excited about the possibility of bringing my expertise, adaptability, and positive outlook to a forward-thinking team. Thank you again for considering my profile!
